

Corsicana Semi-Weekly Light

Published Tuesdays and Fridays

Mrs. A. A. Wortham, Lowry Martin
WORTHAM & MARTIN
Owners and Publishers of the
Daily Sun and Semi-Weekly Light.

ASSOCIATE PUBLISHERS:
Lynne Wortham, Boyce Martin

Entered in the Corsicana Postoffice
as second class matter.

Rates in Navarro county and
United States, both for renewals
and new subscribers: In advance,
year \$1.00; six months 75c; three
months 50 cents.

NOTICE.
To those who want their paper
changed from one address to an-
other, please give old address as
well as new. It will cause less de-
lay and we can give much better
service to our subscribers.

MUSIC WEEK

"The man that has no music in
his soul" (Shakespeare) will be as
"Musical as Apollo's lute" (Mil-
ton) at the close of the first week
in May, for during this period Na-
tional Music Week will be observed
in Corsicana as well as throughout
the nation.

Webster defines music "as any
art over which the Muses presided,
especially music, lyric poetry set
and sung to music, belonging to the
muses of fine art. A tone or tones
having any or all the features
of rhythm, melody or consonance,
melody or harmony generally, as
heard in nature or art."

The outstanding features of music
week as observed here will be the
various programs arranged by the
musical organizations and
schools of the city, starting Sunday
afternoon with a band concert and
continuing throughout the week
with an entertainment each night.
All of these programs will be pre-
sented free of charge and a rare
treat is in store for those who will
take advantage of the opportunity.

Music plays a very important
part in our daily life and each
year sees music more firmly es-
tablished in the American home.
Music is available to all, is taught
in the public schools and a musical
education of some degree is in the
reach of all so desiring. The radio
and phonograph have been of great
assistance to the friends of music
in creating a greater desire for
music. There is hardly a home in
Corsicana that music in some form
will not be found. Even in the
downtown district there is hardly a
block in which the stroller may
not hear notes of music coming
from some place of business. Ver-
ily "it's in the air everywhere."

Every citizen of Corsicana and
Navarro county should participate
in this Music Week celebration
and attend as many of the pro-
grams as possible.

"Music hath charms to soothe the
savage breast, to soften rock or
bent the knotted oak."—(Con-
greve.)

Corsicana has reason to be proud
of the musicians who call this city
their home. Their ability is not
only recognized here but their re-
putations as artists of merit have
reached beyond the confines of the
state. Corsicana has been recog-
nized as a music center for many
years and in the Nevins Club it has
the oldest musical organization in
the state. Corsicana musicians
have worked untiringly for many
years in the interest of the ad-
vancement of music and now they
are beginning to realize some of
their dreams.

"If music be the food of love,
play on."—(Shakespeare).

SAVING THE LONGHORNS

That the longhorned, or Spanish
breed of cattle, once so numerous
in the Southwest, may be pre-
served from complete extinction,
the U. S. Forest Service will main-
tain a herd on the Wichita National
Forest in Oklahoma, the agricul-
tural appropriation bill, recently
passed, carrying an item for their
purchase and maintenance.

The department has for several
years urged the necessity for a
small herd of these picturesque
examples of early pioneer life of
the southwest for the benefit and
education of future generations
interested in pioneer history and
the appropriation was finally se-
cured through the efforts of Sen-
ator Kendrick of Wyoming.

The Wichita National Forest
lies right in the heart of the range
of the old southern herds of plains
buffalo, and is part of the region
formerly known as the Indian ter-
ritory, where now live more than
fifty thousand Indians.

Here also grazed some of the pio-
neer herds of these long horned
cattle when the livestock indus-

try in the Southwest was in its in-
fancy. There are still a few living
members of this once numerous
breed of cattle to be found in
Texas. And there are a few
of the men still alive who drove
the longhorn over the long trails
to market centers. The herd for
the government will be selected by
"expert" cattlemen familiar with
the characteristics of the cattle
and of the Southwestern ranges.
They will be grazed in a pasture
immediately adjoining the one oc-
cupied by the herd of buffalo now
established on the forest.

HOME RULE

In this enlightened era the great
mass of children are either entirely
footloose and free or the labora-
tory material for the experimen-
ters in infant mortality, child hy-
giene and education. The parent
has become a disinterested witness
while a procession of federal, state
and philanthropic, scientific and
plain modellers observe, advis-
ers, directors, managers, work-
ers and agents file in and out the
nursery.

The home has ceased to be a re-
straining influence upon the rising
generation. The parent is no longer
the lord and master of the child.
Parents have surrendered to ma-
jorities and politicians the au-
thority that once made them
builders of the nation.

When will the reaction set in?
There can be no hope that the
pendulum will swing back to pa-
rental control of the child as long
as the tendency of society is to
take the responsibility for child
training from the parents and place
it in schools or with welfare agents.

Old-fashioned methods, it is
true, are in high disfavor in this
revolutionary age, but since modern
methods have failed to instill firm
principles of honor, morality and
industry and the old-fashioned
method was highly successful,
there should be no organized re-
sistance to a reversion to the old.

NATIONAL CHILD HEALTH DAY

For the fourth consecutive time,
National Child Health Day is to be
celebrated all over the United States
on May 1. Health Departments,
welfare organizations, clubs and in-
dividuals will unite to make the
observance a success.

In honor of the occasion, Dr. J.
S. Crumrine, general executive of
the American Child Health Asso-
ciation, the organization which
originated the idea of National
Child Health Day, has, appropri-
ately enough, released a definition of
health. It is his hope that of
those associated with him that the
working out of the ideal National
Child Health Day will eventually
bring to every child physical, men-
tal and moral health.

"For," says Dr. Crumrine, "we
need to be reminded again and
again, that the body is not alone
flesh and bone and blood, but also
a habitation of the mind and the
citadel of the soul through which
man may express his personality
and orient himself to the social
and cultural environment in which
he lives."

Mr. Crumrine's definition of
health follows:

"Health is a state of physical
mental and moral equilibrium, a
normal functioning of the body,
mind and soul. It is the state
when work is a pleasure, when the
world looks good and beautiful, and
the battle of life seems worth
while. Health is the antithesis of
disease, degeneracy, and crime.

"The laws of health are as in-
exorable as the law of gravita-
tion, as exacting as eternal justice,
as relentless as fate and their vio-
lation is the beginning and cause
of all disease, suffering, and sin.

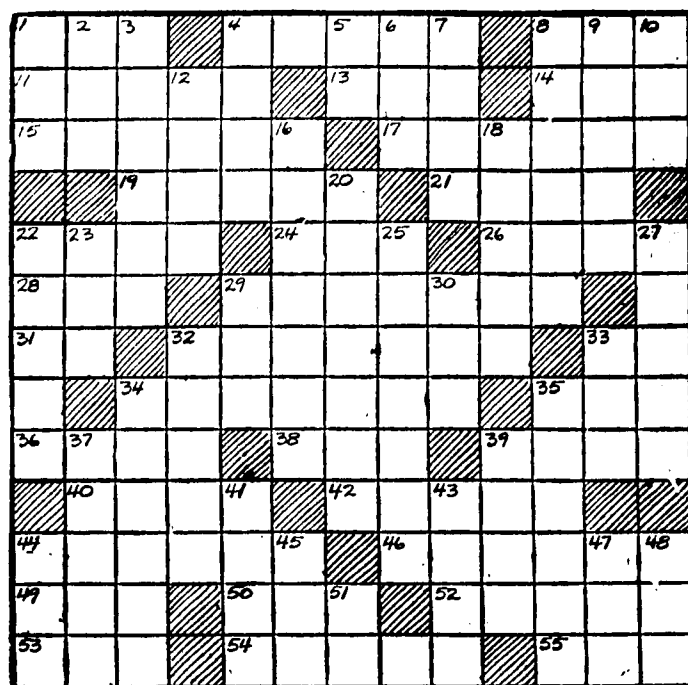

"Health is the most desired of
earthly blessings. When finally
lost, it cannot be purchased by un-
counted millions, restored by the
alchemist, or returned by the pulpit.
"Health is that state of happi-
ness, faith and love whose prop-
erty was the first man—Adam;
whose ideal is the Christ."

May Day as Child Health Day
will be generally observed through-
out the state of Texas. This May
Day observance was started four
years ago by the American Child
Health Association, under the
leadership of Herbert Hoover. The
blessings of health for every child
is the objective of this observance.

The good roads hearing will be
held at the court house Monday,
May 2. The importance of this
hearing cannot be stressed too
strongly. The future progress of
the county is in the balance.

Clean-Up Week in Corsicana met
with great success—but we should
not stop with one week—why not
continue the clean-up program
through the summer

COUNTY NEWS

POWELL

Special to the Sun.
Powell, Texas, April 30.—Gorman
Richy of Corpus Christi is visit-
ing relatives here.
Mrs. Zack Bank spent Tuesday
in Corsicana as guest of her par-
ents, Mr. and Mrs. Conner.
Mr. and Mrs. Charles Holloway
of Biggs were here Friday visit-
ing friends.
Ike Kiser, A. D. Wilson, and Jean
Lowe were visitors in Corsicana
Monday.

Miss Gertrude Brogan of Fort
Worth was the guest of her sis-
ter, Mrs. Mollie Adams, last week.
Mrs. Jim Christian and daughter,
Minnie Jim, of Corsicana were vis-
itors here Friday.

Dr. Q. O. Galtner, wife and daugh-
ter of Fort Worth were in Powell
Saturday. Dr. Galtner made the lo-
cation for the discovery well.

Mr. and Mrs. Tom Towns spent
the week end at Athen Fish and
Game Club.

Mr. and Mrs. B. Hanks, who were
guests in the home of their father,
H. H. Hanks, left for their home
Sunday.

David Strange, who has been ser-
iously sick, is improving.

Mrs. Willie Hines and Golda
Koble of Kerens were here Tues-
day.

Quite a number of people here
are going to hear Dr. Truett of
Dallas in Corsicana.
The High School pupils present-
ed a three act comedy "Hearts and
Diamonds," directed by Miss Agnes
Williamson, at the auditorium last
Friday night to a large and appre-
ciative audience. Those taking part
in the play were Misses Ruby
Fright, Floy Banks, Fay Bunch,
Virginia Mae Moore, Helen Killings-
worth and Messrs. James Albert
Jackson, Kelly Albritton, David
West, Paul Owen Adams, Barney
Kent and J. C. Newman. They
also presented the same play in
Kerens Tuesday night.

RICE

Special to the Sun.
Rice, Texas, April 30.—The re-
cent heavy rains have delayed the
farmers in this section, and it will
be several days yet before they can
work again.

Mrs. Mary Pollan, who has been
quite ill for the past several weeks,
has slightly improved. She was car-
ried to the Navarro County Hospi-
tal last Friday.

Miss Lillie Thornton of Groesbeck
was the guest of Mrs. S. N. Greg-
ory Sunday.

Mrs. J. Lee Bell of Lubbock spent
the week end here with her mother,
Mrs. S. N. Gregory.

Mr. and Mrs. Earnest Watson of
Corsicana spent the week end here
with her parents, Mr. and Mrs. J.
W. Holland.

the fire is unknown. It was partly
covered by insurance.

Mr. and Mrs. J. E. Butler spent
Sunday here with her parents, Mr.
and Mrs. J. R. Pollan.

Miss Lucy Payne of Fort Worth
spent the week end here with her
sister, Mrs. J. C. Dobbs.

Miss Josephine Hill of Corsicana
was a week end guest of Misses
Ira and Mable Allen.

Miss Frances Bradley, who is at-
tending Trinity University, spent
the week end here with her par-
ents, Mr. and Mrs. Joe Bradley.

John Henry Lewis of Wortham
spent Sunday with Mr. and Mrs.
John Sloan.

Miss Preble Noel of Austin is
here this week visiting home folks.

Mr. and Mrs. Tippi Pollan of
Emus spent the week end here with
Mr. and Mrs. J. A. Pollan.

Miss Nancy Owen of Corsicana
was the guest of Mrs. T. W. Noel
Sunday.

Miss Mildred Cove, who is at-
tending North Texas State Teachers'
College at Denton spent the week
end here with her parents, Mr. and
Mrs. Lake Cove.

Dr. and Mrs. Hugh Sloan went
to Emus Monday to be with little
Robert James Banner during a ton-
sillitis operation.

Mr. and Mrs. T. A. Scott visited
relatives in Dallas the first of the
week. Mr. Scott is improving slowly
and is retaining use of his limbs,
since suffering a stroke of paral-
ysis several weeks ago.

IT DRIVES OUT WORMS

The surest sign of worms in
children is restlessness, lack of inter-
est in play, fretfulness, variable ap-
petite, picking at the nose and sud-
den starting in sleep. When these
symptoms appear it is time to give
White's Cream Vermifuge. A few
doses drives out worms and puts
the little one on the road to health
again. White's Cream Vermifuge
has a record of fifty years of suc-
cessful use. Price 35c. Sold by Lee
Drug Company.

Commencement Held At Rural Shade

Commencement exercises at the
Rural Shade school were held Fri-
day evening. There were three boys
and three girls who finished the
school and graduated.

The principal addresses of the
evening were delivered by Warren
Hicks, county judge; Cleo Miller,
assistant county attorney, and Fred
Pebuch, attorney, all from Corsi-
cana.

Brother Blooming Grove Man Dies

John Lloyd received a message
Monday conveying the news of the
death of his brother, John H.
Lloyd. The deceased passed away
at Austin where he has been in a
sanitarium for nearly twenty years
because of impaired health.

John Lloyd, in the zenith of young
manhood, was a leading grocery
merchant in Blooming Grove.
The remains were shipped to
Lowden, Tenn., for burial, Bloom-
ing Grove Times.

ANGUS SEXTETTE ENJOYED A GREAT BASKETBALL YEAR

Special to the Sun.

Angus, Texas, May 2.—The Angus
sextette has closed a very suc-
cessful season, having met only
one defeat at the hands of the veter-
an Roane team.

The first game of the season was
played with Mildred. Neither
team was in the best of form, but
the game ended 8-2 in favor of Angus.
The next game was a 16 to
8 victory over the Richland team
at Richland.

The Angus girls brought home
a 25 to 9 victory from Navarro.

One of the fastest games of the
season was played here against the
Corbett sextette. Angus finally win-
ning 11 to 4.

At the girls tournament in Cor-
sicana, Angus downed Currie 27 to
14, and 7-4, but met defeat for the
first time when Roane won 20
to 1.

The last game of the season was
played at Petty's Chapel, the locals
winning 11 to 4.

The lineup for the Angus team
was Maggie Foster, coach; Hossie
Caffy, captain; Florence Starbort,
Bessie Bates, Edna Bonner, Lola
Harris, Corinne Caffy, first team;
Lola Pryor, Thelma Bates, Lillie
Corley, Gertrude Bates, Leola Bon-
ner, Opal Schape, second team.

Representative of Dallas News-Journal Corsicana District

H. E. EVERETT.

Announcement is made by the
circulation department of the Dal-
las News and Journal of the ap-
pointment effective April 1,
of H. E. Everett as acting circula-
tor of the Dallas News, the Dallas
Journal and the Semi-Weekly
Farm News at Corsicana. Mr.
Everett, succeeds John R. Mays,
who has been representing these
papers for several years. Mr. Mays
has been temporarily relieved of
duty because of illness. His leave
of absence will extend through the
summer months at least. Hope
for his early recovery is freely ex-
pressed by the newspapers which
he has represented.

Mr. Everett has been chosen to
handle Mr. Mays' work for two
principal reasons: First, because
of the size and importance of Cor-
sicana as a commercial and civic
city, and secondly, because of Mr.
Everett's long experience in the
work in which he is engaged. Mr.
Everett has been in charge of city
circulation of the Dallas News for
the last ten years and is particu-
larly fitted for his work in Cor-
sicana. He has been with the A.
H. Belo Corporation twenty years,
although he is yet a young man.
Mr. Everett has been in Cor-
sicana several days and is particu-
larly impressed with Corsicana.
Navarro county and its people, and
his plans are to enter into com-
mercial and civic circles of Cor-
sicana to the fullest extent. He will
send in his application for mem-
bership in the Chamber of Com-
merce and will stand ready to as-
sist in every movement that makes
for the betterment of Corsicana.
Mr. Everett, in discussing his ac-
tivities in Corsicana, took occa-
sion to compliment the Corsicana
Daily Sun as a newspaper and as
an asset to the city. He is particu-
larly impressed with the large
circulation of the local paper as
an indication of the support which
the Corsicana people give to their
home paper, taking this to mean,
he said, that the citizenry of Cor-
sicana realizes the advantages and
possibilities of the support of the
press.

Mr. Everett has plans to increase
the circulation of the Dallas News
and Dallas Journal at Corsicana,
these papers having long enjoyed
the support and patronage of Cor-
sicana people.

Mr. Everett will continue to
maintain his headquarters at Mc-
Pherson's Drug Company.

Dawson Man Died Home There Sunday

Dawson, Texas, April 30.—W. J.
Anderson, aged 69 years, died at
his home three miles north of Daw-
son Sunday morning and the re-
mains were interred in the Dawson
cemetery Monday afternoon at 2
o'clock. The funeral services were
conducted by Rev. W. T. Allman.

He was born in Georgia.
Surviving are his wife, five chil-
dren and one sister, W. J. C. D.
and Edward Anderson, J. L. Hou-
st, Mrs. Martha Thompson and
Miss Ruby Thompson. He is also
survived by 25 grand children and
six great-grand children.

CARD OF THANKS

To our many friends and loved
ones for their loving kindness to
us in the sickness and death of my
dear little boy, Tommy Stringer,
who died in West, Texas, April 15.
All was done that loving hands
could do.

We want to thank our friends in
West, Texas, and Mr. Will Boyd
and wife who were so good and
kind to us that we can never forget
them.

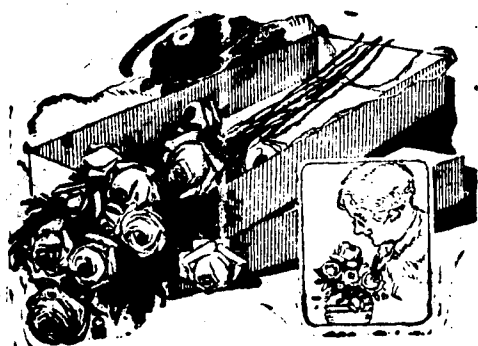

Little Tommy was buried at
Prairie Point cemetery at Bayette,
April 17. He was 11 years old.

He leaves a mother and step-
father, one brother and one sister
to mourn his loss. Our loss is
heaven's gain.

His mother,
Mrs. F. O. Jones.

Card of Thanks.

Godley, Texas, April 28, 1927.
Since it is impossible to thank
each one personally, we wish to
take this method of expressing our
sincerest thanks to all who so lov-
ingly and tenderly came to us in
our recent deep sorrow and for the
many beautiful floral offerings.
Especially to we wish to thank
the teachers of the Primary De

REVIVAL SERVICES AT FIRST BAPTIST CLOSED LAST NIGHT

THERE WERE TWO HUNDRED AND FORTY ADDITIONS TO CHURCH DURING MEETING

The revival meeting which had been in progress at the First Baptist church during the past two weeks closed Sunday night. Dr. George W. Truett of Dallas, who did most of the preaching, left Friday night and Rev. J. Howard Williams, pastor, preached at both hours Sunday.

The revival was one of the most successful ever held in the First Baptist church. There were 240 additions to the church, 117 by profession of faith, 123 by letter.

Baptismal services were held Saturday night, Sunday afternoon and Sunday night.

All services Sunday were well attended and there were seven additions to the church at the morning hour and 14 at night.

A record was set for the attendance in Sunday School when 1355 attended Sunday morning.

At the morning service a free will offering was taken for Dr. Truett and he will be presented with a check for \$1,000. More funds were subscribed than were necessary to pay the expenses of the meeting and the board of deacons voted to present the pastor with \$100, the educational director with \$50 and the pastor of the mission church with \$50. Envelopes were passed during the latter part of the revival and a large sum was raised in that manner which was combined with the free will offering Sunday morning.

Special numbers were features of the musical programs during the revival and Sunday night Miss Gayle Hamilton sang a solo.

Complimented on Excellent Record

J. Y. Roberts, secretary-treasurer of the Corsicana National Farm Loan Association, recently received a letter from Douglas Johnson, treasurer of the Federal Farm Loan Bank at Houston, complimenting him on his record since the organization of the local branch. Mr. Roberts is leading all other associations in the State with over \$3,000,000 since organization and payments are being met promptly. There are practically no delinquencies, the letter stated. The letter also referred to the convention to be held in Houston May 18 to 20, inclusive.

Don't be a Victim of "Spring Fever"

You Can Easily Avoid the Depressing Effects of the Changing Season

In the Spring, many people find themselves losing appetite, are overcome by a lack of energy, and a run-down feeling takes possession of their whole body.

Spring is a great renovating season, when Nature throws off the accumulated impurities and prepares the system for the change it must undergo before merging into the coming Summer.

At this time, the energies relax, and an unspeakable languor pervades the entire system, giving that worn-out, good-for-nothing feeling, so commonly called "spring fever."

The important thing, therefore, is to put your system in tip-top condition, so as to be able to resist the common ailments so prevalent in Summer. You must build up the tissue and repair the wear that the system has undergone.

Now is the time to take S.S.S. It is unequalled for restoring strength, vitality and a keen appetite.

You owe it to yourself and family to give S.S.S. a trial. It helps Nature build up red blood corpuscles; it improves the processes by which the body is nourished, and it is time-tried and reliable. S.S.S. is made from the roots of fresh herbs and plants, and is prepared in a scientific way in a modern laboratory.

Get your S.S.S. at any good drug store. It is sold in two sizes. The larger size is more economical.

DALLAS DISTRICT CHRISTIAN TO MEET HERE MAY 3 AND 4

INTERESTING PROGRAM FOR SESSION OF CONVENTION HAS BEEN PROVIDED

The Dallas district convention of the Disciples of Christ (Christian church) will hold a two days' meeting at the First Christian church here, beginning at 2:30 Tuesday afternoon. It was announced Monday by Rev. Paul J. Merrill, president.

There are 13 counties in the district and the attendance is about 80, it was announced, each church having one delegate.

General work of the church is discussed at the convention.

The ladies' missionary society of the First Christian church will hold their regular monthly meeting Wednesday afternoon instead of Monday, it was also announced. The convention officers are: Paul J. Merrill, president; Byron Hooper, Dallas, vice president; C. E. Chambers, Forney, secretary; and L. N. D. Wells of Dallas is a member of the executive committee.

Those who will furnish cars for visiting delegates are requested to meet at the church at 10 o'clock Tuesday morning.

Following is the program of the convention:

Tuesday Afternoon, May 3.

2:30—Devotional service, G. T. Reeves, Terrell.

2:45—President's Address, Paul J. Merrill, Corsicana.

3:15—Special Music, Corsicana Talent.

3:30—"The Women's Work in the Dallas District," Mrs. Berta McMaster, Fort Worth.

3:50—Business Session, Naming of Committees, etc.

4:00—Adjournment, followed by registrations and assignments of homes.

Evening.

7:15—Devotional Service, Geo. P. Dickinson, Garland.

8:00—"Pentecost, Then and Now," Paul Preston, Dallas.

8:40—Special Music, the Merrills, Corsicana.

8:45—"The Disciples of Christ and Christian Union," J. B. Holmes, Fort Worth.

9:15—Adjournment.

Wednesday Morning, May 4.

9:30—Devotional Service, C. W. Harrison, Ennis.

9:45—"Dallas District," Howard Peters, Waco.

10:30—Discussion.

11:00—Sermon, "The Supreme Motive of Christianity," Graham Frank, Dallas.

11:30—"Religious Education," J. D. Boyd, Fort Worth.

12:10—Adjournment.

Afternoon.

2:30—Devotional Service, E. S. Bledsoe, Waxahachie.

2:45—Open Period.

3:15—"The Christian Courier," W. W. Phares, Dallas.

3:25—"Christian Education," Dr. W. P. King of Carr-Burdette College, Sherman.

4:00—Final Business Session.

4:10—Adjournment.

Slight Damage From Fire Early Monday

The Corsicana fire department answered a fire alarm to the A. D. Wilson store, 1307 West Thirteenth avenue at 6:30 o'clock Monday morning. The damage was estimated at \$5,000.

The local fund for the Red Cross relief work among the Mississippi Valley flood sufferers continues to grow, and here it may well be said that it is good that such is the case, for the Associated Press dispatches from Washington Monday tell of a call for an additional sum of \$5,000, or a total of \$10,000,000 from the American Red Cross for the carrying on of its relief work among the flood-stricken peoples.

This call was made at the instance of Herbert Hoover, Secretary of Commerce, and President Coolidge's personal representative in the flood district, who has returned to Washington after a trip of inspection through the entire stricken area.

The Palace Theatre picture show benefit of Sunday afternoon and night netted the sum of \$295.41, while other donations since Saturday at noon have brought the total since that date to \$472.41. This added to the total reported Saturday makes a grand total of \$2,561.91 to 1 p. m. Monday.

In regard to the matter of clothing that is to be sent to the flood sufferers it is urged that all clothing be taken to the home of Mrs. J. D. Jackson, 1040 West Third Avenue, where it will be sorted and labeled for shipping. This is urged for the reason that the Red Cross workers at the Memphis headquarters are requesting that the clothing be sorted and labeled before it is shipped in order to facilitate the work of those engaged in the immediate relief work here.

The following subscriptions have been received since Saturday:

FUNERAL SUNDAY FOR CHILD KILLED WHEN HIT BY AUTO

From Saturday's Daily:

Mozelle McPhail, eight year old daughter of Mrs. Audrie McPhail, died in the Navarro County Hospital at 2:55 Saturday afternoon as the result of internal injuries received when run down by a gravel truck at the intersection of West Seventh avenue and South Twelfth street. The accident occurred shortly before noon Saturday.

The truck is said to be the property of F. P. McElwath, local paving contractor, and was driven by Jesse Ratliff.

Funeral services will be held Sunday afternoon from the First Methodist Church and will be conducted by Dr. F. P. Culver, pastor of the church. Burial will be in Oakwood cemetery. Besides her mother and father the little child is survived by a brother, William, aged eleven years; a grandmother, Mrs. J. P. McPhail of Corsicana; an aunt Mrs. Syc Corder, Dallas.

The child was rushed to the Navarro County Hospital where it was learned that she had suffered the crushing of the pelvic bone, and many internal injuries. An operation was performed in an effort to save the little girl but little hope was held for her recovery, due to loss of blood in addition to the injuries received.

She is a niece of Mrs. L. O. Larson and a daughter of Will McPhail, former employee of the postoffice here, but now of Houston.

Jesse Ratliff, driver of the truck, was arrested and carried to the Navarro county jail by Rufe Tickle, city policeman, and is being held for investigation. No formal charges had been filed against him at press hour.

Mrs. McPhail and little daughter reside at the Acadia Rooms, near where the accident occurred.

From Monday's Daily:

Funeral services for Mozelle McPhail, eight year old daughter of Mrs. Audrie McPhail, were held at the First Methodist church Sunday afternoon at 4 o'clock with interment in Oakwood cemetery. The services were conducted by Rev. F. P. Culver, pastor of the church.

The little girl died in the Navarro county hospital Saturday afternoon at 2:55 o'clock from injuries sustained when run down by a gravel truck driven by Jesse Ratliff, employee of F. P. McElwath, contractor, shortly before noon Saturday morning at the intersection of West Seventh avenue and South Twelfth street. The little girl was rushed to the hospital where an operation was performed in an effort to save her life.

Surviving are the mother, father, Will McPhail of Houston; one brother, and other relatives.

The driver of the truck was arrested and lodged in the Navarro county jail. No complaint had been filed against him at press hour Monday afternoon. He was released on bond in the sum of \$1,000 Saturday afternoon pending investigation of the accident. It is not expected that any complaint will be filed.

FLOOD RELIEF FUND CONTINUES TO GROW; ANOTHER CALL MADE

The local fund for the Red Cross relief work among the Mississippi Valley flood sufferers continues to grow, and here it may well be said that it is good that such is the case, for the Associated Press dispatches from Washington Monday tell of a call for an additional sum of \$5,000, or a total of \$10,000,000 from the American Red Cross for the carrying on of its relief work among the flood-stricken peoples.

MINIMIZING BUSINESS RISKS

Business is a safer venture today than it was fifteen years ago because our knowledge of economics has greatly increased in that time. And it stands to reason that the more the executive learns about his own business and business as a whole from now on, the safer and more profitable his business will be.

This bank aims to serve you so effectively that we can add our knowledge to yours in helping you cut down business risks, and over a period of time, increase your net profit. On this basis we invite new accounts.

District Court.

The following have been summoned as petit jurors for the sixth week of the April term of the Thirtieth Judicial District court for the week beginning Monday, May 9:

J. S. Beauchamp, Corsicana; W. W. Buford, Corsicana; R. K. Blackshear, Corsicana; H. O. Blanding, Corsicana; A. L. Friesse, Dawson; J. C. Garner, Dawson; W. F. Hagle, Dawson; B. F. Crowder, Currie; M. V. Evans, Currie; R. L. Hughes, Rushing; H. E. Keeling, Rushing; W. C. Blackman, Navarro; C. W. Post, Navarro; J. T. Capheart, Navarro; W. A. Duncan, Rural Shade; J. B. Faris, Rural Shade; L. R. Bonner, Angus; T. M. Dray, Angus; T. A. Goodwin, Westbrook; M. E. Haste, Westbrook; B. H. Jones, Westbrook; Alfred Floyd, Eldorado; Clifton Langford, Eldorado; J. B. Rogers, Eldorado; A. B. Evans, Rodney; W. J. Haley, Rodney; Jesse O. Dawson, Winkler; Jack Glass, Winkler; T. C. Anderson, Black Hills; W. V. Cook, Black Hills; H. Carroll, Cade; D. B. Nettles, Cade; W. P. Anderson, Chatfield; H. Bailey, Chatfield; J. W. Hodge, Corbet; B. H. Kirby, Corbet.

During April there were 16 divorces granted by District Judge Hawkins Scarborough.

Jack Harrison pleaded guilty in the district court Monday morning in four cases of forgery and was given a sentence of two years in each case, the sentences to run concurrently.

Elma Moore pleaded guilty in the district court Monday morning for theft and was given a five-year suspended sentence. These two trials were conducted by Assistant County Attorney Cleo G. Miller.

The jury for the week was excused until Wednesday.

District Clerk's Office.

During the month of April there were 24 cases filed in the district clerk's office as follows:

Injunction 1, divorce 14, foreclosure 1, to declare property.

County Court.

County Attorney L. J. Woods, prosecutor; J. S. Callicutt and Fred Luchurch, defense attorneys; James A. McMahon and numerous other witnesses are in Dallas for the J. S. Williams manslaughter case scheduled to be held there Monday. Williams is a former city policeman and is being tried in connection with the fatal shooting of Jack Coker of Ellis county here in 1924. He was found guilty here of manslaughter on his trial for murder. District Judge Hawkins Scarborough granted him a new trial and it was later transferred to the Dallas criminal district court No. 2 before Judge C. A. Pippin.

County Clerks Office.

During the month of April, there were 2 birth and 21 deaths recorded. There were 51 marriage license issued.

Willie Lee, negro, was brought to the court house Monday charged with aggravated assault. His wife is the complaining witness.

Rehabilitated Veterans Succeed On Farms 15,000 Trained To Wrest Living From Soil

TOP - DAIRY HERD BROWSING ON FARM CONDUCTED BY VETERANS BUREAU BENEFICIARY

CENTER - REHABILITATED WAR VETERAN FEEDING HIS FLOCK OF FIFTEEN HUNDRED PULLETS

VETERAN WITH FRUIT SPRAYING MACHINE ON HIS FARM NEAR FRUITLAND, IDAHO

By Associated Press.

The question, "How are you going to keep 'em down on the farm?" apparently has been answered by the Veterans' Bureau.

A recently completed survey shows that of the vast number of disabled former service men it rehabilitated approximately 15,000 were trained and are now employed in some line of farming from scientific instruction down to the radio competing hog caller.

Not only men who followed the plow before the World War are among those who decided that raising crops and livestock was preferable to city life and here. Many are converts. Some are former clerks, who, before joining the col. ors, had pounded typewriters at their working lives; some were electricians, cow-punchers, surveyors' helpers and laborers.

Of those assisted by the government to pick up where they left off when hostilities began, or to take up farming either because they chose or were best fitted for it, about one-third have taken up

general farming. Nearly one-third of this number are raising poultry or working on poultry farms, and the remainder have followed some other special line.

The total or partly blind veteran was not overlooked in the comprehensive rehabilitation program. The majority of men with this disability were found to be from rural environments and had as a background some form of farming experience. Through special instruction all phases of modern poultry husbandry, from incubation to marketing of the products, were taught and absorbed by many of these veterans with varying degrees of success.

Of the total rehabilitated along agricultural lines, 700 were of the collegiate type who have found employment in the various phases of farming for which they were trained. Approximately 1,000 were trained by the placement method, which was applied to those incapable or not desirous of institutional instruction, and without the

KERENS LIONS HAVE INTERESTING MEET THURSDAY AT NOON

Special to the Sun.

Kerens, Texas, April 30.—Perhaps the most interesting meeting of the local Lions Club was experienced Thursday at their regular luncheon when two new members were added and many interesting subjects were discussed, which may, in a short time develop into worthwhile movements benefiting our town and East Navarro county as a whole.

The two new members are C. E. Bruner and Dave Kamer, both progressive business men of this city, and promise to make live-wire members. They took pleasure in joining with the older members in discussing things for the betterment of our community and say that they will "stand hitched" until victory stares us in the face as a result of the Lion's untiring efforts to succeed for the benefit of us all.

Already a good roads committee has been appointed, and they are at work outlining the future progress, which is expected to be seen in the not distant future. The problems of bad roads and this eternal mud we are now in was discussed by practically all of the fourteen members present, and each of them were apparently interested in beginning at once to know why this portion of the county can't have good roads. The progress along these lines as being made by adjacent counties and sister cities was spoken of in a comparative way, and it may be that we will get in touch with at least three interested counties in bridging what is commonly known as Wild Cat ferry. Reports from other towns on this proposed bridge is credited for the lead in this movement.

A program committee is also busy seeing all the members and prospective guests relative to joining the Corsicana Lions on May 10 at the Navarro hotel where a program will be presented. Corsicana Lions have extended a cordial invitation to the local club to come over—but they insist that we are to arrange the program among ourselves. It is believed that at the meeting, May 6th, a full report will be given out as to the plans concerning this program. P. A. Noble of the Tribune was a visitor at this meeting.

INDIGESTION GONE

Tennessee Was Worried Considerably Until, on Advice of An Acquaintance, He Began To Use Black-Draught.

Sewanee, Tenn.—"For several years," says Mr. J. L. Russell, of this place, "I suffered continuously with spells of indigestion. Everything I ate disagreed with me, and I was in a bad way."

"Nothing did me any good until I found Black-Draught. One day a man in a store where we traded told me to try Black-Draught. He said he knew it was the best thing for indigestion, so I decided to give it a trial."

"In my case it seemed to go right to the very root of my trouble. It straightened me out, and ever since that time, over thirty years ago, I have used Black-Draught."

"When I have a spell of indigestion coming on, I begin on Black-Draught. I take several small doses, in a regular course, and I find it usually have me well in less than no time. Now I never suffer—I take Black-Draught."

"I also found it fine to break up a bad cold. In the winter time, I always keep a box handy, so when I sneeze, or feel chilly down my spine, I take a few doses of Black-Draught, and that wards off the cold."

LIGHTNING HITS SEAPLANE AND SENDS FOUR MEN TO DEATH

By The Associated Press.

Norfolk, Va., April 30.—The elements have won another victory over man in his battle to conquer the air.

During a severe electrical and rain storm, lightning struck a seaplane 1,200 feet above New Point Comfort late yesterday and sent it hurtling into Chesapeake Bay, killing four navy aviators. Two lieutenants and two petty officers. The plane was a splendidly equipped and scattered wreck.

The dead are Lieutenant Victor F. Mariner, Lieutenant Geo. Watson, Lieutenant E. Poyner, aviation chief machinist's mate, and George M. Michaels, machinist's mate, second class.

Refreshments consisting of sandwiches, cookies and soda water were served. Those accepting invitation to this entertainment have profited one of the best they have ever attended, and say further that they have never laughed so much in all their lives. In other words, it was a screaming success.

The wedding was attended by a crowd that overflowed the large church auditorium, some friends and relatives coming from all parts of the state for the event.

FLOOD CREATES CITY WHERE NO CITY EVER WAS

By The Associated Press.

New Orleans, April 30.—A city that never was has become somewhat celebrated over night as a result of the breach blasted in the Mississippi levee to the southward.

Poydras, La., has been pictured in some dispatches sent from here about the artificial crevasse as a prosperous town of hundreds, now deserted and soon to be wrecked by flood waters.

What goes by the name of Poydras is nothing more than a cross roads settlement, consisting of a gas-olene filling station, an abandoned machine wrecked in the flood of 1922, and some half a dozen small cottages.

FLOOD RELIEF FUND CONTINUES TO GROW MUCH MORE NEEDED

Additional cash to the amount of \$132.25 was received at the office of the Daily Sun, acting for the local Red Cross chairman, for the relief of flood sufferers since noon, Friday. This brings the total to \$2,089.50. Funds are expected to continue to come in to this fund for some time as word from the stricken area is that conditions are hourly growing worse, with the breaking of additional levees along the flooded streams.

A substantial sum is expected to be received from the benefit picture show Sunday afternoon and night at the Palace Theatre. The film for the show is furnished free by the film exchange and M. L. Levine, local moving picture theatre owner, is giving the show without cost, the entire proceeds to be turned over to the local Red Cross, of which the Rev. H. J. Ellis is chairman. It was also stated that a box would be placed in the theatre lobby tomorrow where those who may desire to contribute can place their contribution.

That the need for funds is growing more urgent hourly is evidenced by the word from the flooded area, which is also growing greater with the breaking of levees in several places along the flooded rivers. Also tonight it is stated Herbert Hoover, Secretary of Commerce in President Coolidge's Cabinet, will tell over the radio the conditions prevailing in the flooded area. Secretary Hoover was sent to that district by President Coolidge to view conditions. President Coolidge Saturday stated that additional funds would be necessary to alleviate the suffering among the flood victims, and that the only way to get funds was for the people to contribute them.

The Rev. H. J. Ellis, local Red Cross chairman, has received the following letter from Red Cross headquarters:

Rev. H. J. Ellis, Chairman, Navarro County Chapter, American Red Cross, Corsicana, Texas.

My dear Rev. Ellis: This is to express sincere thanks for your prompt remittance to the fund for relief of the flood sufferers in the Mississippi River Valley disaster. The old saying that "the who gives promptly, gives twice" never was truer than in the present instance. The need in this emergency is so immense and so immediate that your contribution just received was all the more hourly. Please do not relax your efforts to increase your collections. Receipt will be sent you later. This will acknowledge too receipt of \$217.00 to apply on Rock Springs relief fund. Certainly your community is being most generous in its response to the call of suffering people.

Very truly yours, Wm. M. Baxter, Jr., Assistant to the Vice-Chairman.

Popular Couple Wed at Mexia

Special to the Sun.

Mexia, Texas, April 30.—The outstanding social event of the past week in Mexia was the wedding of Miss Frances Bass, daughter of Mr. and Mrs. R. B. Bass, prominent Mexia people, and Mr. William Skidmore Banks, attorney for the J. K. Hughes developing company, which took place Wednesday night at the First Methodist Church.

The wedding was attended by a crowd that overflowed the large church auditorium, some friends and relatives coming from all parts of the state for the event.

HINTS FOR FARM AND HOME

Turned by the DEPARTMENT OF AGRICULTURE

By Associated Press.

It makes no difference whether potatoes are planted before the full of the moon or afterwards, provided the physical character of the soil is good and weather conditions favorable.

To make the horse that bolts his grain eat more slowly feed the grain spread out in a large, flat box containing several smooth stones about three inches in diameter, or mix it with bran, cut hay or similar feed.

In selecting a poultry house site choose one having good drainage of water and air. Avoid a low pocket or hollow in which cold air settles.

Use French dressing with spring time salads, and choose combinations of ingredients that will be refreshing to the eye as well as to the palate. Pile the salad light y on individual plates, with something from each color group, and pass crisp crackers, cheese straws or bread sticks.

All non-acid vegetables should be canned under steam pressure. Tomatoes, pickled beets and pimientos are the only vegetables for which the water bath canner is recommended.

Use sturdy washable materials for kitchen curtains. Make them with a tuck in or near the heading to allow for shrinkage, nbleached muslin, gingham, glass toweling, English prints or Japanese crepe are good materials to use.

When buying cotton goods by the yard unravel a yarn and untwist it. Then pull out the small tufts of the fibres. Are the fibres of the same length or in different lengths? Cotton fibres vary from three-fourths to one and three-fourths inches. The fabric with the longest fibres, if of regular length will wear the best.

The main reason for keeping milk production records is to find out what cows are profitable and which are not. The inferior cows can then be disposed of and the better ones kept for production and breeding purposes.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify and restore the vim and ambition of health. Price 60c. Sold by Lee Drug Company.

THOMPSON WILL RESIGN ENGINEER POSITION IN DALLAS

By Associated Press.

Austin, Texas April 30.—R. A. Thompson, state highway engineer, Monday will resign a consulting engineering post he holds with the City of Dallas, he said today.

Members of the Senate Finance Committee, in a general row with the Highway Commission Tuesday, "questioned" the fact that Thompson holds a supervising position on the Dallas Garza dam project.

Commissioner Cone Johnson explained that the commission and Governor Dan Moody were aware that Thompson nominally held the position with the city and the fact had been satisfactory to the commission and he governor.

Thompson also explained his position, saying that he had told the commission when he was retained as state highway engineer that he would be required to continue giving a small portion of his time to Dallas until the dam was completed.

Governor Moody in a statement yesterday upheld Thompson and the commission unequivocally. Moody and Thompson conferred today and later Thompson said he would resign from employment with the city on Monday.

Referring to the action of the Senate Finance Committee in recommending the \$20,000 per year in the \$10,000 salary asked by the highway commission for him, Thompson declared he "had been promised \$10,000 a year and I expect the promise to be fulfilled."

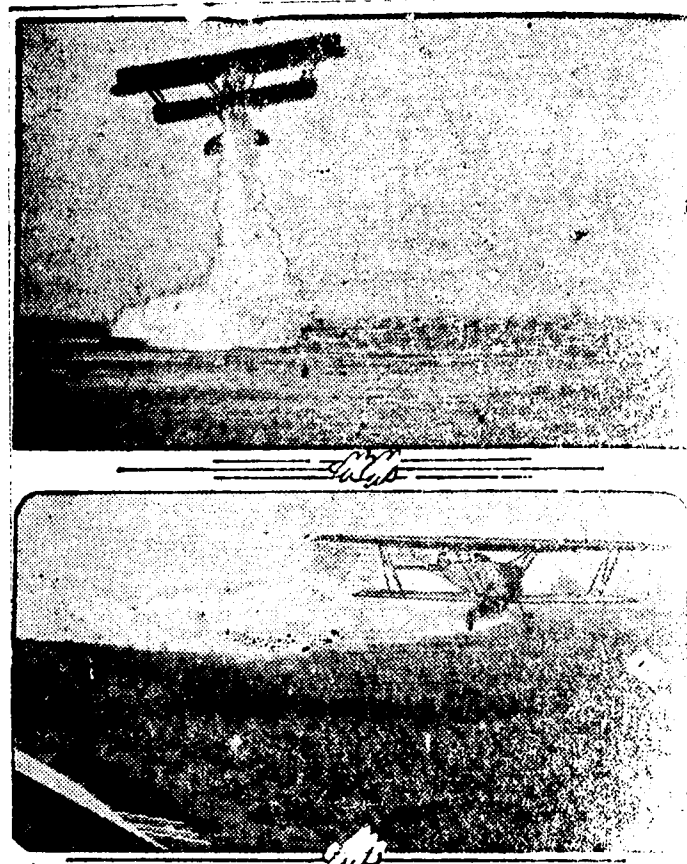

Man Knocked Down By Automobile

Z. E. Daugherty, who works on the Kent Lease in the oil field, was struck by an automobile driven by Mrs. C. L. Brown at the intersection of South Twelfth Street and West Seventh Avenue Friday night at 7:45. The man was knocked to the pavement. He was rushed to the Navarro County Hospital where examination disclosed that he was not seriously injured. He was reported resting well Saturday afternoon.

Notice

First Friday meeting of Dresden Cemetery Association meets Friday, May 6th. Every day come and make this a good day for the Association. A. L. CARROLL, Secretary.

Cotton Growers Use Aeroplanes In Fight on Weevil

How the two hundred yard swath is laid out by the dusting apparatus.

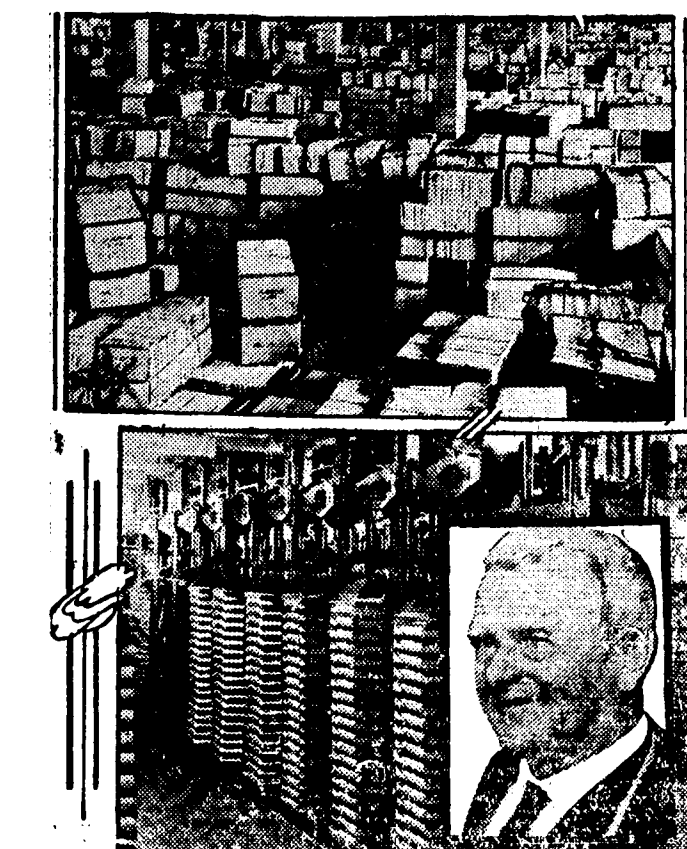

By Associated Press.

New York—Cotton growers of Dixie and of Peru, favored by the alteration of their seasons, have found in the aeroplanes of a large cotton dusting concern a common ally against their enemy, the boll weevil.

Growers have long known that dusting the crop with calcium arsenate increases the yield about one-third, but it is only recently that a method has been perfected for spreading the dust in swaths 200 yards wide at the rate of 90 miles an hour.

The planes covered some 50,000 acres in Peru last season and expect to cover about four times this spreading it evenly over the field.

Agriculture Year Book, "Best Seller," Will Be Ready Soon

TOP - WAREHOUSE OF BUNDLED SIGNATURES OF AGRICULTURE YEAR BOOK. BOTTOM - THOUSANDS OF FINISHED BOOKS BEING PREPARED FOR THE LAST TIME. ASSET JOHN S. BURNSIDE VETERAN IMPOSER IN CHARGE OF MAKING UP THE SIGNATURES FOR AGRICULTURE YEAR BOOK. U. S. DEPT. OF AGRIC. PHOTOS

By Associated Press.

Washington.—The Agriculture Year Book, a bulky cloth bound review of farm conditions, is far and away the year's "best seller" among the thousands of public books and documents. It retails for nothing.

Five hundred thousand copies of this vast storehouse of farm facts are authorized each year, although only about 400,000 are made. The government files most of the bill out of a special printing and binding appropriation, and the majority of copies go to senators and representatives for distribution free of charge.

The sixth issue, covering the calendar year 1926, is now in the making and will be ready for statistical consumers about July 1. Contributors of articles, number 250; there will be 1,225 or more pages, 300 illustrations and 471 tabulated pages containing tables. The compiling, printing and binding job usually takes about four months.

Copies turned out last year cost \$278.47. Twenty thousand went to the Agriculture Department, which paid \$28,322 for them out of

WORTHAM OBSERVE NATIONAL MUSIC WEEK WITH VARIOUS PROGRAMS FROM MAY 1 TO 7

Special to the Sun.

Wortham, Texas, April 30.—As has been the custom in the past two years the Wortham people will observe Good Music Week with one or more programs each day, beginning Sunday morning. Wortham has been recognized for some time as a musical town.

It will be recalled that it was the Wortham Municipal Band that won first place in the State Band Contest at Waco last year in the four year division. The same band was the official band of the South at the Confederate Reunion at Birmingham last summer. The Wortham Municipal Band was one of the larger bands at the East Texas Chamber of Commerce meeting at Tyler. The Wortham Public School has a forty piece band and four orchestras. A band and orchestra director is employed by the school board.

The public school has a full time music director on the faculty who has been especially trained for this type of work and who holds a Bachelor of Music degree. The High School is one of the few schools in the state accredited in high school music. At the present time there are more than one hundred persons connected with the numerous band and orchestra organizations of the town.

As an asset to school and municipal organizations, although not directly connected with them, may be mentioned Mrs. John Murree, of the Murree School of Music, who is a specialized Dunning teacher, and Miss Grace Hackney, another of Wortham's accomplished pianists and organists, and a private teacher of exceptional ability. Miss Myrabelle Quimby and Mrs. Jim Tucker, each holding a Bachelor of Music Degree, give private lessons in piano and on the violin. Mrs. Frances Jockel, a graduate with the Bachelor of Music degree, and many other talented musicians are all doing their part to make Good Music Week in Wortham a success.

Program for the Week

Sunday, May 1, 11 A. M. at each Church—Special music appropriate for the occasion.

Sunday evening, 8 P. M. at Central Presbyterian Church—Sacred program by the combined choirs of the various churches in town, organists, and Municipal orchestra.

Monday afternoon, 5 o'clock Main Street—May Fete, the entire student body participating, special music by the High School Band.

Monday evening, 8 o'clock at M. E. Church—Local musicians, assisted by Miss Elizabeth Smith on violin and Mrs. Will Sneed in voice.

SIXTEEN CHILDREN INJURED BY STORM IN ILLINOIS FRIDAY

By The Associated Press.

Evansville, Ind., April 30.—High winds and driving rain whirled across South Central Illinois and Southern Indiana late yesterday injuring 16 school children at one place, endangering pupils in another school and doing considerable damage to buildings, trees and communication lines.

No lives were lost, but two of the 16 children caught in the demolition of a country school house near Scottsburg in Scott County may die of injuries.

At Petersburg, in Pike county, northeast of here a large tree was uprooted, narrowly missing a country school house where children were at their classes.

New Albany, Rockport, Princeton and Mount Vernon, Indiana, all reported storm damage, and a grain elevator at Vaughan was wrecked.

Centralla and Central City, Ills. were struck by a severe hail storm, accompanied by high winds, and an estimated loss of \$50,000 resulted. Despite the intensity of the storm in that area orchards generally escaped with slight loss.

THREE AIRPLANES USED IN SMUGGLING ALIENS CAPTURED

By Associated Press.

Los Angeles, April 30.—Federal agents reported today that they had captured three airplanes in which aliens were being smuggled into the state from Mexico and that one aviator was shot and killed in the flight which resulted in the seizure. The planes were seized on the Riverside-Fedondo road outside of Los Angeles.

Two other aviators were captured by the federal immigration inspectors but ten Chinese, declared to have been carried out of Tajuna at 5 a. m. today, escaped. The officers requested police to throw a guard around Los Angeles Chinatown to effect their capture.

The dead aviator was identified as Arthur D. Daugherty, 30, of this city. He died in a few minutes after being shot.

The Eagle Airport on the Riverside-Fedondo boulevard near Gardena, a suburb, was the immediate locale of the capture and gun battle. The successful raid by the immigration officers, of whom there were four, was the result of discovery a week ago that a fleet of planes was operating in the smuggling of aliens from Mexico. Early today they were tipped off that three planes had left Tajuna and although flying very high, they were seen passing over San Diego and were reported to the officers here. The latter lay in wait for their arrival at the air port.

CHEERFUL QUARTERS HAVE BEEN PROVIDED FOR EXILES FROM LOUISIANA PARISHES

“Corsicana Has It.”

New Orleans, La., April 25. Cheerful quarters have been provided in New Orleans for the families from St. Bernard and Plaquemines parishes, refugees today from homes which they left that the Crescent City might be made safe from the Mississippi river flood.

The folks in the levee from the lower provinces, affected by the decision to cut the Mississippi river levee at Bayou, were quartered in the army base in New Orleans. There is room for children to play and accommodations for the pet dogs and pigeons. A staff of physicians and Red Cross nurses are on duty to attend cots or stubbed toes or frosty babies.

The boys and girls have the

ROUTED; MANY ARE CAPTURED AND KILLED

By Associated Press.

Shanghai, April 29.—General Chiang Kai-Shek, moderate Cantonese leader of the Nationalist government, today announced that his forces had routed the Communists in the Brownsville area of Texas were placed before the Interstate Commerce Commission today.

Frank Andrews, counsel for the San Benito and Rio Grande Valley Railroad explained that his company, which is controlled by the New Orleans, Texas and Mexico railroad, had been ordered to discontinue its plans to build two new branch lines over competitive plans of the Texas and New Orleans railroads for extension in the Brownsville area of Texas were placed before the Interstate Commerce Commission today.

Frank Andrews, counsel for the San Benito and Rio Grande Valley Railroad explained that his company, which is controlled by the New Orleans, Texas and Mexico railroad, had been ordered to discontinue its plans to build two new branch lines over competitive plans of the Texas and New Orleans railroads for extension in the Brownsville area of Texas were placed before the Interstate Commerce Commission today.

Chinese advisers from Nanking to have routed an entire army of 5,000 men under General Chen Chien. He is said to have disarmed all of Chen's troops and killed thirty of them, and also to have captured large bodies of troops at Wu Hu, up the Yangtze from Nanking and other towns.

These advisers told of the routing of the railway between Nanking and Kiukiang, it being explained that Chiang did this to prevent the escape of Chen's troops.

They also explained that the Chinese, once expelling six units of Japanese troops, had captured 100,000 square miles of land. San Benito, 100 miles from San Benito, is said to be connected with the Rio Grande Railway. This would open agricultural territory of which he estimated would total 600,000 acres. Because of the long occupancy of the territory by the San Benito company, Mr. Andrews said, it should have prior right to enter the field.

In opposition, Fred Wood declared that the Southern Pacific Company through the San Benito and other companies had been

Chiang's supporters here interpreted the action as an important defeat for the Communists. The Chinese tone and as the first step in Chiang's campaign to mete out punishment for the Nanking affair.

Chen was in command of the Canton-Nanking defense line—the railways which ran

the shelling by American and British warships anchored in the Yangtze. Before the arrival of Chiang at Nanking, Chen fled in the direction of Hankow with his troops. Apparently Fei Jing would be safer in Hankow than in Nanking.

By Associated Press.

Shanghai, April 25.—Chinese advisers from Nanking say General Chiang Kai-shek, moderate Nationalist leader, has decided for-

tionally to declare war against the Hankow Nationalists and has ordered General Yang Sung to proceed against them with a punitive expedition of 50,000 men.

FUNERAL SERVICES FOR AGED WOMAN ARE

HELD HERE FRIDAY

Funeral services for Mrs. Martha Reilly, aged 81 years and four days, who died at her residence, 622 1/2 W. Colorado street, Thursday morning at 5:15 o'clock following an illness of several months, were

held at the Church of the Immaculate Conception at 10:30 o'clock Friday morning with interment in the Catholic cemetery of St. V. Grady. The services were:

Mrs. Reilly was born in Georgia but has resided in Texas for 59 years, living at Hoarne, Texas. She prior to moving to Corsicana by none grows now. The South Pacific line into Brownsville was naturally laid out to pass through the most productive portion of the land.

In behalf of Texas communities affected, Cule stressed the cooperative situation that would be provided by extension of the

Surviving are two sons, William and Jim Reilly, both of Dallas; six daughters, Mrs. Hatcher Chandler, Dallas, Mrs. Annie Henderson, Dallas, John Waddell, Martine, Mrs. Roger Jackson, Sumner, N. M., Mrs. Mary G. O'Connell, Dallas, L. D. Moran, Yuma, Ariz.; five children and four grand-children also survive.

Bull bearers were Ed Childress,

A large number of the friends of the deceased and her family were present and followed the remains to their last resting place in the Catholic cemetery and a profusion of beautiful flowers covered her bier.

Southern Pacific to Send Freight Free

The Texas and New Orleans Railroad (Southern Pacific Lines) will accept shipments for flood relief.

leaders and made same known, over their lines when consigned to Red Cross Agencies or Rebel Commissions or on Government bills of lading to Army officers.

INSPECTION OF BATTERY E. ENDS TUESDAY NIGHT

Special to the Sun.
Kerens, Texas, April 28.—An inspection of Battery E, 132nd F. A. Texas National Guard which was begun Monday night was completed by Captain Alpha Brumage of the Regular Army, U. S. A. Tuesday evening at which time open house was held in order that the Kerens business men and their wives would be enabled to see and know something more about the work being carried on by this unit. At this time, Capt. Brumage addressed the officers and privates of Battery E, as to what the National Guard stood for and what it meant in military life. He then stated that he was highly pleased with the pride of the officers and men in looking after the equipment and the interest they were taking, not only in themselves but the local organization. He stated that the results of his inspection of this unit was very satisfactory which is the highest rating possible for an encampment. Captain Brumage's words fell, not only to the ears of the members of Battery E, but to those who turned out to witness this inspection.

SPECIAL MEETING OF BAR ASSOCIATIONS TO BE HELD GROESBECK

Special to the Sun.
Groesbeck, Texas, April 29.—A special meeting of Limestone County Bar Association, with the members of the Freestone county bar specially invited, will be held Monday, May 2, at the court house at the convening of the 87th district court, to adopt resolutions of respect and appreciation on the life and services of the late Judge J. Ross Bell.

DR. GEO. W. TRUETT HONOR GUEST AT LUNCHEON FRIDAY

Honoring Dr. George W. Truett of Dallas, who has been conducting a revival service at the First Baptist church here for the past two weeks, over 100 representative citizens of Corsicana gathered for luncheon Friday at the noon hour at the Navarro Hotel. Dr. Truett will preach his last sermon of the revival Friday night. The revival has been one of the most successful ever held in this city with standing room at a premium at each service.

Hon. Luther A. Johnson, congressman of the Sixth Congressional District, pronounced the invocation. C. C. Roberts presided. Mr. Roberts stated that at first it had been planned that just a few members of the church would attend the luncheon but the idea had grown with the large gathering as a result.

Mr. Roberts introduced C. H. Mills, who in turn introduced Dr. Truett. Dr. Truett expressed appreciation for the treatment received during his stay in Corsicana, assuring his hearers it had been of a most pleasant nature. The speaker pointed out the luncheon had been more or less a surprise and having no prepared speech he was just "going to think out loud." In the course of his remarks, Dr. Truett stressed the importance of clean living and right thinking, saying that civilization was built on the firm basis of Christianity. Dr. Truett took occasion to pay tribute to the memory of the late Roger Q. Mills, telling of the part this great statesman had taken in the building of this great country. The speaker told of the growth of Corsicana and the State of Texas and the part this State would play in the future of the country.

Dr. Truett held the close attention of his hearers and at the conclusion of his address many gathered around him to grasp his hand and express appreciation for the opportunity of having been able to hear him.

LITTLE GIRL GETS HAND CAUGHT LAWN MOVER; LACERATED

Vernell Moore, age 8 years, daughter of Mr. and Mrs. W. L. Moore, 221 West Seventh avenue, had her right hand badly lacerated late Sunday afternoon when it became caught in a lawn mower. Medical attention was given immediately.

AN UNDERTONE OF CONFIDENCE NOTED THROUGHOUT TEXAS

By Associated Press.
Dallas, Texas, April 29.—An undertone of confidence in the whole business structure has resulted from increased activity in business and industry during March, states the monthly report of the Federal Reserve Bank of Dallas. "Charges to depositors' accounts at 17 principal cities were nine per cent larger than in February and four per cent above March a year ago," the summary says. "Deposits of money in banks evidenced a seasonable expansion of 23 per cent over the previous month and were only slightly less than in the corresponding month of 1926."

On the matter of agriculture and live stock the summary said: "The physical condition of the district's ranges and livestock continued excellent and market prices reflected a further improvement. Livestock are strong and healthy and are fattening earlier than usual."

"Farmers made fair progress with plowing and planting operations during March but this work was greatly retarded during the heavy, and in some instances, torrential rains which inundated the low lands, thereby destroying part of the crop already planted."

"Prospects are bright for a heavy production of small grains. The planting of corn made fair progress, but reports indicate that due to the lateness of the season, the acreage planted to this crop will probably not be large as was earlier expected. The planting of cotton has been practically completed in the Southern part of Texas and is extending northward."

ATTEMPTING REACH ENTOMBED MEN TODAY

By Associated Press.
Fairmont, W. Va., May 2.—Pushing through gas-choked and debris strewn passage, helmeted rescue today hoped to learn the fate of 77 miners entombed following an explosion in the Everett Fuel Mine of the New England Fuel and Transportation Company. It was believed only 700 more feet had to be penetrated before reaching the area where the men were thought to have been working at the time of the blast, in which 16 men are known to have been killed and seven injured. Nine escaped unhurt.

Air tests indicated fire followed the explosion which occurred Saturday and the rescuers were forced to divide their attention between actual rescue work and attempts to locate and choke the blaze. While the rescue squads, who worked in six hour shifts, edged forward, relatives and friends of the trapped workers maintained a vigil at the mountainous entrance of the mine, clinging hopefully to the belief that at least some of the men still live.

Meanwhile, the Red Cross and Salvation Army aided the stricken families and fed both rescue workers and watchers.

PALACE THEATRE'S BENEFIT SHOW WAS PRONOUNCED SUCCESS

In conjunction with many other theatre owners over the State of Texas, M. Levine, proprietor of the local moving picture theatres, staged a benefit performance, or performances, Sunday afternoon and night at the Palace Theatre for the aid of flood sufferers of the Mississippi Valley, through the American Red Cross local chapter, of which Rev. H. J. Ellis is chairman. The benefit was a success in that it brought in nearly \$400 for the fund.

The program presented included "The Midnight Flyer," a feature picture, with a comedy and news reel. The show was well worth the price of admission and the music on the big pipe organ aided materially in the enjoyment of the films, thus giving the patrons their full money's worth and at the same time raising a large fund for the stricken people who have lost their all in the great floods of the Mississippi river and its many large tributaries.

There was a tub placed in the lobby of the theatre where those who felt inclined might deposit additional sums for the flood relief. One of the donations in this respect was a \$20.00 bill placed there by Pete O'Daniel, local filling station man. This donation is especially appreciated by the theatre manager and the Red Cross chairman also.

Mr. Levine stated that he desired to thank all who patronized this benefit performance and contributed in this way to the great cause for which it was given. It is also well to state here that the various employees of the local theatres—the Palace, the Ideal, the Grand and the Majestic—contributed their part towards the success of the affair, each of the employees taking shifts in the day work. The musical chairs also donated their time and the entire proceeds of the performances were turned over to the Red Cross Monday morning by Terry McCray, local manager.

The Rev. H. J. Ellis, on behalf of the Red Cross, of which he is local chairman, is very appreciative of the efforts of Mr. Levine and his corps of workers to aid in the great work of flood relief.

Studio Musicale By Three Pupils Edward F. Hearn

The studio musicale of Edward French Hearn on Saturday evening last at which time he presented three of his pupils in recital, was a very happy prelude to the National Music Week programs that are being given May 1 to 7, inclusive.

Of the many programs that have been given in the past from this busy studio, this particular one was of the very best. The three pupils presented were Mrs. Alfred Goldman, soprano; Miss Claire Drumwright, contralto; and Miss Margaret Smith, pianist. The studio with its many floral decorations made a very lovely setting and many were the comments from the audience which filled the rooms, as to the beauty of the picture. Music amid such surroundings can be very intimately given, and Mr. Hearn always makes the affairs most informal. As usual there were remarks bearing upon each number and these enhanced the enjoyment of each listener.

Mrs. Alfred Goldman is one of the best known of our local singing clan, and her beautiful soprano voice with its distinctly dramatic quality fell very gratefully upon the listening ear. The voice itself is clear, resonant, and full of life. It is noticeably warm and vibrant in the medium and lower registers. She is fortunate in this respect, for many sopranos seem to have too much top, and too little of tonal beauty at the other end. She sang a wide variety of numbers, ranging from the Verdi Aria, "O Don Fatale," from the opera "Don Carlos," through a charming group of folk songs and classical airs, and again through a group of modern songs by our best known American song writers.

Mrs. Goldman pleased ever so much with her "Little Brother's Lullaby," and the colorful Carpenter song, "The Sleep That Flits on Baby's Eyes," and the tragically gruesome Inter Nos of Mac Padden's.

Miss Claire Drumwright, who came up from Teague to sing for us, was remembered very pleasantly for her appearance at the Federal Clubs meet here last year. When a contralto voice is lovely, there is no lovelier voice in all the world. Miss Drumwright's voice can lay claim to much beauty. While the voice is not large, how mellow and warm and caressing are the tones. And how easily produced and how even the scale. She has the happy faculty of always projecting the mood of each song, and her color, her voice accordingly. Her two numbers from the Russian school were exceptionally well done. Miss Drumwright did some exquisite pianistic singing in the Rimsky-Korsakoff's "A Song of India." She, too, has the dramatic note in her voice as was evidenced by "The Star of James H. Rogers."

Miss Margaret Smith is a piano pupil of Mr. Hearn's and lives at Athens. She gave three groups of numbers in splendid fashion, showing that she is the possessor of a real piano talent. While still a pupil in high school, she is startlingly mature from both a technical sense as well as from the side of interpretation. She plays brilliantly, and can build a climax up to the crashing stage without losing beauty of tone. She shows that she has plenty of poise and a very appealing stage presence. We have not heard in a long time a young pianist who seems to be better balanced with heart and head and who shows greater promise of really playing "The Mirror Lake," the "Mozartky," "Ivanov," and the "Sparks" by Moszkowski. We enjoyed Margaret Smith very much.

Altogether the recital was a real success, and a rare treat to those who were fortunate enough to be present.

BURGLARS ACTIVE BUT MAKE SLIGHT HAULS FROM HOMES

Several homes have recently been entered by prowlers, most of them while the occupants were absent from home. M. W. Rutherford, living at 1816 Sycamore avenue, suffered the ransacking of his home but nothing is reported missing.

The home of Mrs. D. S. Adkins, 1805 West Tenth avenue, was entered Sunday night while the family were at church and the place ransacked. The prowler or prowlers ate everything they found cooked but nothing else was missing.

Someone is reported to have entered a vacant house on West Tenth avenue and stolen much of the plumbing and electrical fixtures and otherwise damaged the house, which is vacant.

TCU Horned Frogs Won Against Rice

By Associated Press.
Houston, Texas, May 2.—Kil Clark's home run over Bloxom's head in left field with two out in the ninth proved the undoing of the Rice Owls and they dropped the second of a two game series to the T. C. U. Frogs, 5 to 4 here Saturday.

GOOD WILL FLYERS END LONG JOURNEY MONDAY AFTERNOON

By Associated Press.
Newport News, Va., May 2.—The American good will flyers left Langley Field at 3 o'clock this afternoon for Washington where they will be greeted by President Coolidge and other high officials. Accompanying them was a score or more planes from Langley Field.

By Associated Press.
Washington, May 2.—The long journey of the army airmen who took the word of American friendship and good will to the nations south of the Rio Grande was to be fittingly celebrated with an official homecoming at Bolling Field here late today.

A program calling for a personal welcome at the field by President Coolidge and other high government officials included the prospect of a multitude of citizens joining with representatives of the society of more Central and South American countries visited, is expressing gratitude to the flyers for a perilous but successful voyage, in spite of the tinge of tragedy.

They were to fly from Langley Field, Va., this afternoon.

By Associated Press.
The United States Army's "Good Will" flight through South America was beset with numerous hardships and mishaps.

Hard luck greeted the flyers on the first day of their schedule when a sea of mud prevented their hop-off from San Antonio, the first leg of the journey December 20.

The planes were to have started from Duncan Field near Hefte. They were brought to the starting line and christened, but were unable to lift their heavy loads from the soft field. They were dragged across the road to Kelly Field that night and the following morning took to the air from the long concrete runway there. The flight to Brownsville was made without mishap and December 22 the squadron flew to Tampico, Mexico.

At Tampico the St. Louis burned out an engine. The San Francisco flew on to Vera Cruz December 23, leaving the other planes. This was the first of many separations on the flight. The flyers went by rail to Mexico City where they were met by President Calles and spent Christmas. On December 30 the planes were joined again at Vera Cruz and flew to Puerto Mexico, the following day to celebrate the New Year.

They hopped to Salinas Cruz on January 1 and on the third they dropped their planes behind the four volunteers that guard Gante, Salinas City and delivery service to the city. The flyers were met by President Calles and the first serious crack-up occurred here when the New York damaged its landing gear in attempting to get away. The flight was delayed until the 11th when the Detroit, San Francisco and San Antonio flew to San Salvador and the New York started to follow the water route to Panama.

An extra plane, which was left in San Antonio at the start of the flight, was shipped to Panama to replace the New York if necessary and supplies were shipped from New York to repair the plane if possible. The St. Louis accompanied the New York, the two reaching Panama January 14.

The other planes followed the schedule, the aviators going by rail to Tegucigalpa, where they were met by the government, and then flying to Amapala on the 13th. They continued to Managua on the 15th and were met by the Minister of Government, General Lopez Callejas. The call was a short one, however, and the flyers flew to Punta Arenas the same day. From Punta Arenas the aviators went by rail to San Jose to deliver President Coolidge's message to President Jimenez. The squadron was reunited at France Field, Panama, January 18, the Detroit, San Francisco and San Antonio flying from Punta Arenas to David for lunch and completing the hop to Balboa the same day.

Planes Overhauled
At France Field the New York was repaired and the other planes were thoroughly overhauled. The squadron was separated again January 23, however, when heavy swells prevented the New York and San Antonio from leaving the field and the St. Louis was forced down in the Gulf of Darien. The San Francisco and Detroit, however, continued on. Brancqua and flew on to Girardot from where they went by land to Bogota, the capital.

On January 28 they returned to Barranquilla and the squadron reassembled at France Field, and prepared for the long flight down the mountainous coast of western South America. The first leg of the flight ended in trouble, however, for the St. Louis developed engine trouble and was forced to return to France Field with the Detroit as an escort. The three reached Buena Ventura, Colombia, and pushed on to Tumaco that night where they waited for the other two.

The flight was resumed February 2 when the New York, Detroit, San Francisco and St. Louis went on to Guayaquil, Ecuador, but the San Antonio was forced to remain in Tumaco 17 days awaiting a new engine. The others pushed on while Captain McDaniel and Lieutenant Robinson of the San Antonio waited in a village where no one could speak English. The water supply was very low and had in Tumaco and the flyers were not permitted enough to allow them to bathe. A rain in the middle of their exile period furnished them enough water for one bath. Lieutenant Robinson, who had been ill, regained his health while awaiting another engine for the plane.

The others arrived at, and left,

Guayaquil February 2 and spent the night at Paiza, Peru. The following day they were feted by the government in Lima and February 7 they flew to Rio, from where they went by rail to La Paz, Bolivia. Here they were given a tremendous welcome, citizens and authorities insisting on remaining awake until early in the morning to carry the flyers through the streets on their shoulders and tender them a reception at which President Siles presided. Their trip to La Paz was delayed three days and they remained at Arequipa, high in the Andes, waiting for the boat that carried passengers across Lake Titicaca. On the 17th the squadron flew to Matillones, Chile, from where the eight flyers went by train to Antofagasta for an official visit.

Received by President.
On February 18 the flight was made through Coquimbo to Santiago where President Emilio Figueroa Fenderson met them in an official reception. The squadron was divided into three sections here when the San Francisco was forced to remain for repairs while the St. Louis, New York and Detroit, flew to Valparaiso on the 22nd.

The San Francisco caught up the next day and on February 23, all four planes arrived at Valdivia. The continental divide was crossed February 24 when the flight reached Bahia Blanco, Argentina, and the following day the airmen reached Mendoza, the last of the trip.

The greatest disaster of the trip, the crash in which Captain Clinton F. Woolsey and Lieutenant John W. Benton were killed, occurred February 26 as the four planes passed over Palomar flying field near Buenos Aires, preparatory to landing. Major Herbert A. Dargue, the flight commander, gave the signal to break formation and land about 1,500 feet above the field. The Detroit was flying slightly above the New York and the hull of the upper plane struck the hull of the left and started to descend the hull struck the New York and the two planes locked, bursting into flames as they fell.

Continue Flight Northward.
Major Dargue and Lieutenant Ennis C. Whitehead leaped and descended safely in their parachutes, although the planes almost struck them as they hurtled to the ground. Captain Woolsey and Lieut. Benton, however, were unable to escape from their planes. A few minutes later he will leave for Washington to report to President Coolidge in person.

Many Refugees Registered.
Red Cross officials at disaster relief headquarters in Memphis said today that more than 200,000 refugees had registered and that the figure doubtless represented hardly more than half of the total number affected.

A relief fund of \$4,600,000 was necessary after South Florida was struck by a hurricane last September, when fewer than half as many have been victims of the flood were affected, the Red Cross announcement said.

When the Arkansas river levee broke at South Bend late yesterday, hundreds of workers lost a ten-day battle and the evacuation of every small town in Southeastern Arkansas was made necessary. Arkansas City, McGehee, Lake Village, Dermott, already suffering from the high water, were indicated as the chief sufferers in the new inundation.

The other levee break was the international one below New Orleans.

Other Danger Spots.
Bang spots fought today were at Vidalia, La., opposite Natchez, Miss., at Glasscock, La., 22 miles below Vidalia, St. Joseph, La., and both North and South of Vicksburg, Miss.

Only two towns previously untouched by the flood were inundated by the South Bend break. Dumas and Gould, McGehee, already under three to 17 feet of water, was apprehensive in the face of the new danger and at Lake Village, a further rise would make necessary removal of 1,000 persons regarded as safe at the previous stage.

River Creeps Over at Vicksburg.
At Vicksburg, the Mississippi gradually was creeping up a second and sand bag defense, and was slopping over portions of the North Vicksburg levee, with a prediction of a further rise of nearly a foot a week hence.

The crest of the flood was slightly South of Greenville, Miss., today, and working ahead of it, the Red Cross had ordered concentrations of supplies at Vicksburg, Natchez and New Orleans.

In the lower Mississippi delta, clinging levees, trees and roofs, and fleets of relief boats were being rushed there.

Greenville, Miss., inundated metropolis of the great Yazoo delta found encouragement in a slight fall of the water and assurance that no further rise was in sight. Vaccination against typhoid fever had about been completed and there was no contagious disease in the refugees camps.

Water Pours Into
Arkansas Towns
By Associated Press.
Pine Bluff, Ark., April 30.—Water pouring from the new break in the Arkansas river at South Bend is sweeping into Gould, Dumas, Varner, McGehee and other towns within a 25 mile radius at a rate of six inches rise an hour. Colonel Joe Harris, in charge of levee work in this district reported today.

"All of Southeast Arkansas will be flooded," said Colonel Harris who led the heroic fight to save the levee. He could not estimate the depth to which Gould and surrounding towns will be inundated. No trains have left Gould since the break was reported but Col. Harris said evacuation of the town would be made as soon as the inhabitants can be persuaded to leave their belongings.

Flood Waters Invade
Industrial Vicksburg
By Associated Press.
Vicksburg, Miss., April 30.—Flood waters invaded the industrial part of Vicksburg today as sand boils which have been tearing at the concrete sea wall for more than a week became more active.

Flowing through the cracks in the wall whose northern end is opposite the Yazoo and Mississippi Valley railroad passenger station and slopping over the sand bagged parapet of the north, the waters covered a hundred yards of the railroad tracks and threatened to in-

MORE BREAKS IN LEVEES INUNDATE SEVERAL DISTRICTS

By The Associated Press.
Memphis, Tenn., April 30.—Two new levee breaks and the threat of at least five more under the slow surge of the highest crest of Mississippi river ever has recorded added today to the steadily crescendoing demands for relief which have caused President Coolidge to appeal for a fund greater than that of \$5,000,000 first asked for the American Red Cross.

With the scope of the disaster constantly enlarging as the rushing water inundates additional towns, some of them originally far from the river, the president was awaiting a conference with Herbert Hoover, Secretary of Commerce, who has spent a week in touring the flooded zone from Memphis to below New Orleans.

Hoover, himself an engineer, tonight will lay before the nation a word picture of what he found in a radio address from station WMC of the Memphis Commercial Appeal which will be hooked up with probably 30 other stations in two national net works of the National Broadcasting Company.

Mr. Hoover will go on the air at 6:30 p. m. Standard Time, talking 15 minutes.

A few minutes later he will leave for Washington to report to President Coolidge in person.

Red Cross officials at disaster relief headquarters in Memphis said today that more than 200,000 refugees had registered and that the figure doubtless represented hardly more than half of the total number affected.

A relief fund of \$4,600,000 was necessary after South Florida was struck by a hurricane last September, when fewer than half as many have been victims of the flood were affected, the Red Cross announcement said.

Bang spots fought today were at Vidalia, La., opposite Natchez, Miss., at Glasscock, La., 22 miles below Vidalia, St. Joseph, La., and both North and South of Vicksburg, Miss.

Only two towns previously untouched by the flood were inundated by the South Bend break. Dumas and Gould, McGehee, already under three to 17 feet of water, was apprehensive in the face of the new danger and at Lake Village, a further rise would make necessary removal of 1,000 persons regarded as safe at the previous stage.

River Creeps Over at Vicksburg.
At Vicksburg, the Mississippi gradually was creeping up a second and sand bag defense, and was slopping over portions of the North Vicksburg levee, with a prediction of a further rise of nearly a foot a week hence.

The crest of the flood was slightly South of Greenville, Miss., today, and working ahead of it, the Red Cross had ordered concentrations of supplies at Vicksburg, Natchez and New Orleans.

In the lower Mississippi delta, clinging levees, trees and roofs, and fleets of relief boats were being rushed there.

Greenville, Miss., inundated metropolis of the great Yazoo delta found encouragement in a slight fall of the water and assurance that no further rise was in sight. Vaccination against typhoid fever had about been completed and there was no contagious disease in the refugees camps.

Water Pours Into
Arkansas Towns
By Associated Press.
Pine Bluff, Ark., April 30.—Water pouring from the new break in the Arkansas river at South Bend is sweeping into Gould, Dumas, Varner, McGehee and other towns within a 25 mile radius at a rate of six inches rise an hour. Colonel Joe Harris, in charge of levee work in this district reported today.

"All of Southeast Arkansas will be flooded," said Colonel Harris who led the heroic fight to save the levee. He could not estimate the depth to which Gould and surrounding towns will be inundated. No trains have left Gould since the break was reported but Col. Harris said evacuation of the town would be made as soon as the inhabitants can be persuaded to leave their belongings.

Flood Waters Invade
Industrial Vicksburg
By Associated Press.
Vicksburg, Miss., April 30.—Flood waters invaded the industrial part of Vicksburg today as sand boils which have been tearing at the concrete sea wall for more than a week became more active.

Flowing through the cracks in the wall whose northern end is opposite the Yazoo and Mississippi Valley railroad passenger station and slopping over the sand bagged parapet of the north, the waters covered a hundred yards of the railroad tracks and threatened to in-

BRITISH MILITARY EXPERT BELIEVES TANKS WILL RULE EARTH IN NEXT BIG WAR

By Associated Press.
Washington, April 30.—Even the infantry may go riding into the next war behind the protective armor plate if the dream of some British authorities come true.

A completely motorized fighting force, says the Infantry Journal, in its May issue, is to be tried out beginning next month by the British Military establishment to test a theory that tanks and similar equipment have already destroyed the effectiveness of the older units of the service. This theory has its chief exponent Colonel J. F. Fuller, foremost British tank authority, who with the tank and experimental force this summer and who declares in an article in the Infantry Journal that gas engines have revolutionized the art of war as much as did gunpowder.

Decisive battles of the future, Colonel Fuller predicts, will be fought in the open country by fleets of tanks to conserve manpower, the world war having demonstrated that "on ground over

which tanks could move, infantry either to assist or resist tank attacks, were useless."

He adds that infantry still can "fight in woods, swamps, and amongst hills; but its reign over the plains is at an end."

Comment by American army tank experts on Colonel Fuller's decisions show as wide disagreement as the variety of some of the matters discussed, in an attempt to break-away old military conception.

"While even the most enthusiastic among us for mechanical warfare may not be able to accept the views of the extremists, he will certainly cause us to begin ourselves and bring us to a realization that commanders will be held accountable for an economical expenditure of their fighting power," said Brig. Gen. S. D. Rockenbach, former chief of the American Tank Corps.

General Rockenbach also challenged the statement that uselessness of infantry to assist or resist tank attacks had been demonstrated in the world war.

STATE REQUESTS DISMISSAL OF MURDER CHARGES AGAINST FRANK BONNER, SAN ANTONIO

By Associated Press.
San Antonio, Texas, May 2.—Charges of murder against Frank Bonner, San Antonio electrical engineer, in connection with the death of J. A. Barnes, his then prospective father-in-law in Corpus Christi four years ago, were dismissed at the request of the State here today.

A previous trial of the case in Corpus Christi resulted in a disagreement and the second trial was to have started today.

When the case was called, however, Assistant District Attorney Tamar Seelickson asked that the charges be dismissed because the State, since the trial in Corpus Christi had uncovered new evidence, contradicting some of the important evidence given at the first trial.

In dismissing the charge of murder in connection with Barnes' death, the State also dismissed charges in connection with the death of Barnes' eight year old son, Jesse.

Bonner was a student at the University of Texas at the time of the murder. The State sought to show at the first trial that Bonner had obtained dynamite, made it into a bomb and expressed it to Barnes from San Antonio. When Barnes opened the package he and his son were fatally wounded.

A contractor who had been doing construction work for the University of Texas previous to the murder testified at the first trial that a large amount of explosive had been stolen from the tool house. Other witnesses testified that Bonner had experimented with explosives. After the case had been dismissed today District Attorney Seelickson explained that several students had given him testimony showing that the explosive which had appeared had been given by students for the purpose of killing him.

The case attracted wide attention at the time of the bombing and the first trial because Barnes' daughter Dorothy was attending the University of Texas at the time and later married Bonner.

President May Visit Flood Stricken Area

By Associated Press.
Washington, April 30.—President Coolidge took under consideration today the invitation from the governors of the Mississippi river states to personally inspect the flood.

The invitation was presented by Senator Harrison of Mississippi. Senator Harrison told the President that he believed that the attention of the country would be centered more forcibly on the disaster if Mr. Coolidge would visit the scene. Pending the return of Secretary Hoover, who is now in the flood area, Mr. Coolidge is not expected to announce any decision on the invitation.

Senator Harrison commended the flood relief work of the government and said that in view of this he would not ask a special session of congress at this time to deal with the situation. He added, however, that if the financial leaders of the country did not rally to the assistance of the stricken area he would later fight for a special session.

Crossing Texas and Pacific Railroad Company is to build a passenger station here at a cost of \$100,000.

Levee Near Vicksburg Breaks.

By Associated Press.

Monroe, La., April 29.—Information received here from the United States engineer's office at Vicksburg said that a private levee at Brunswick, 20 miles north of Vicksburg on the Mississippi had broke this morning. It was stated that there are 200 persons marooned by the break and in need of assistance.

NEW PASTOR THIRD AVE. PRESBYTERIAN CHURCH IN PULPIT

**REV. P. MARTIN BAKER IS
FROM THE ARLINGTON
HEIGHTS CHURCH**

A large congregation greeted Rev. P. Martin Baker, who preached his first sermon at the Third Avenue Presbyterian Church Sunday morning at eleven o'clock. He also filled the pulpit at the evening hour. The choir rendered special music at both hours.

Rev. Baker took his text from Matthew 5:3—"Blessed are the poor in spirit for their's is the kingdom of heaven." Rev. Baker said in part:

"In these words of Christ, we are given the aim in life, which is the kingdom of heaven; and also we are given the solution of life's greatest problem which is the attainment of the kingdom of heaven. We ask how may we attain such an end in this day of complexities, when life goes at such a speed, and Christ has led the way."

"Every individual has his destination and he is moving steadily toward that goal. Every move or thought is another revolution in the wheel of life to our destination. 'What do we mean by 'poor in spirit'? It certainly does not mean pride or egotism, deceit or self-satisfaction. Many are often contented over social or financial position. But it does not follow that physical poverty is a prerequisite for the right spiritual condition. Many of our rich are those who have the true humility of spirit."

"Dependancy has no place in the poorhouse of spirit. Just because things are striking us adversely, and our neighbors seem to be advancing more rapidly is no reason for dependancy."

"True humility of spirit is the recognition of the need of something more than self, and that is the greatest need of God. The influence of this mechanical age works against the realization of our need of God and often we forget our needs and think that we can get along without Him. We must recognize our weaknesses."

"If we desire to realize our short comings, let us check our lives against the ideals and ambitions of our youth, and see how far we have fallen short. Mother love is a good example of humility, for there is not a real mother who has reached old age that does not regret not having done more for her children. As a final comparison, we might check our lives against the master model of life, Jesus Christ. Then we will realize what He meant when he said 'Blessed are the poor in spirit for their's is the kingdom of heaven.'"

Rev. P. Martin Baker has recently accepted a call to become the pastor of the Third Avenue Church, and has entered on his duties. He is a graduate of Trinity University, Auburn Seminary, and Princeton University. He came to Corsicana after serving the Arlington Heights, Fort Worth, Presbyterian Church for more than a year. Rev. and Mrs. Baker are now residing in the manse on Thirteenth street.

SEEKING HEIRS OF FORMER TEACHER IN NAVARRO COUNTY

The Corsicana Daily Sun has received a communication from Martin F. Ward, Anthony, Kas., asking the assistance of the paper in locating heirs to an estate he is settling.

Mr. Ward writes: "I would like to find the heirs of Wm. Ward, who has been dead about thirty-five years. He was an old country school teacher around Corsicana forty years ago. His daughters married men by the names of Hatch and Greenberry. I would like to get in communication with these parties in regard to settling an estate which will be very much to their benefit."

Anyone who can give the information sought is requested to communicate with Martin F. Ward, Anthony, Kansas.

DELEGATES NAMED BY METHODISTS TO RICHLAND MEETING

**MOTHERS' DAY SERVICE TO
BE HELD IN FIRST METH-
ODIST NEXT SUNDAY**

On next Sunday, "Mothers' Day," a special Mothers' Day service will be held at the First Methodist Church at the morning hour with a special sermon on this subject by the pastor Rev. F. P. Culver. Rev. Mr. Culver has requested that every man whose mother is living to bring that mother and he seated with her and those whose mother has gone to the great beyond are asked to bring some one else's mother.

Ladies headed by Mrs. Fred Upchurch will be at the doors to pin flowers on all men as they enter the church, red for those whose mothers live and white for those whose mothers have died.

At the morning church hour, the choir sang an anthem, Rev. Mr. Culver preached and communion was observed. After the regular service the congregation went in to church conference electing Miss Lucille Parish, Conference secretary and then elected the following delegates to the District conference to be held in Richland Tuesday and Wednesday of this week as follows: W. A. Tarver, C. C. Albritton, J. N. Royall, F. P. McElwraith, R. D. Jackson, J. L. Halbert, Boyce Martin, T. J. Walton, G. W. Boyd, Mrs. W. A. Tarver, Mrs. A. W. Hall, Mrs. F. P. Culver, Mrs. Ab Haslam, Mrs. C. C. Albritton, Mrs. Geo. T. Foster, with the following alternates: J. L. Jackson, Mrs. J. D. Jackson, J. S. Murchison, Mrs. Lee Jester and Mrs. Fred Fleming. The conference will meet in Richland in the first session Tuesday morning at nine o'clock.

Among the announcements by Rev. Mr. Culver, were the Sunday School Workers conference Monday night at 7:45, Educational Building. All officers, teachers and Sunday School workers were urged to be present; the Methodist Men's Luncheon Club Tuesday night at 7:45 at which time the Hon. Tom Connolly will be the principal speaker; the Wednesday evening prayer service and the starting the annual Standard Teachers Training Course which starts next Sunday afternoon at 3 o'clock and runs through Friday night with session each night.

Every person interested in this work is urged to register next Sunday as Rev. Mr. Culver and Joe Patterson, religious director, are anxious that at least one hundred take this entire course.

The theme of the morning service was Hospitals, with Rev. Mr. Culver announcing the organization of the Golden Cross Association in Southern Methodism with J. T. Newsom being president and

director of this work in the First Methodist Church. It is planned to enroll members of the church in this organization on an annual basis as one would enroll in the Red Cross for hospital work.

In the adult department of the Sunday School E. E. Babers presided and Jimmie Lichtyter gave a reading of one of Edward A. Guest's poems.

In the Weller Bible class W. A. Tarver taught the class. There was an attendance of 50. This compared with 42 last Sunday showed an increase of 8, and compared with an attendance of 33 the same Sunday last year showed an increase of 17. The announcer was made that the Weller Bible Class was scheduled to meet the Baptist Pals class in a game of baseball Monday afternoon at 6 o'clock.

There was a total of 624 present in the First Methodist Sunday School. This compared with an attendance of 516 last Sunday showed an increase of 118 and compared with an attendance of 523 the same Sunday last year shows an increase of 111.

A resolution committee composed of H. P. Marr, W. A. Tarver and A. E. Foster were named by President W. S. Burdine of the Weller Bible class to draw up suitable resolutions on the death of Claud Allen, a member of the class.

W. W. Gage, S. J. Jackson and A. N. Justiss on account of the duties they hold in the church will be ex-officio members of the delegation to the Richland meeting.

At the conclusion of the morning service a free will offerings was made to the young ladies' missionary society as a benefit for the Flood Sufferers.

At the night service Rev. Mr. Culver preached and the choir sang an anthem. The theme Sunday night was Prepare to Meet Thy God.

RUTH SNYDER GETS SEVERE GRILLING IN MURDER TRIAL TODAY

(Continued from page 1.)

insurance was taken out that he was killed.

During this period Mrs. Snyder is charged by the State with having made several abortive attempts on her husband's life.

While the premium checks were being passed among the jurors, Mrs. Snyder sat impassive and showed no sign of nervousness or strain. Gray sat upright, his head erect, seeming to have definitely conquered the depression of the previous days.

By Associated Press.
New York, May 2.—Cross examination by counsel for her co-defendant, failed today to change Mrs. Ruth Snyder's direct testimony laying sole blame for the murder of her husband on Henry Judd Gray.

Assistant District Attorney Prossell then began cross examination for the State.

"You told the Judge you wanted to get Judd Gray out of the house. Couldn't you have kept him out by locking the doors?" was the first question.

"I wanted to—"
"Answer my question, madam, yes or no."

"Yes."
The questioning then turned to show that Snyder had provided well for his wife and had taken his mother-in-law into his home.

"Did you know that all his property would fall to you on his death because it was held in both names?"

"No."
"Did you know you would not get it he died by your hand?"

"I know nothing about it."
"Of his \$115 a week salary, how much did he give you?"

"\$55."
"And you say you were unhappy?"

"Yes."
"You never did anything to make him unhappy?"

"Never."
"Nothing?"

"Nothing he knew about."
"The second time you met Gray he gave you a corset?"

"Yes."
"You think that was proper?"

"No."
Mrs. Snyder was questioned in detail about her relations with Gray. She said that on some of her trips to the Waldorf with Gray she had her daughter with her.

"When did you and Gray first talk of killing your husband?"

"He talked of it from the end of last year."

The questioning suddenly swung to the "plastered up" discussion as District Attorney Newcombe handed Prossell a letter. Mrs. Snyder identified it as one she had written to Gray.

"Do you remember using this expression in the letter: 'Hon, let's get good and plastered. Ain't that a nice word? Beginning to think I'm already that way or nothing.'"

"Yes."
"And you meant just have a good time, not get drunk?"

"No."
The letter opened, "My Own Lover Boy, Oh, Oh, Gee I'm happy Tomorrow's my lucky day."

It continued to tell of going to the movies and announced that "I could eat you all up, you darn lovely little cuss."

It ended with the injunction to "hurry home" and was signed "Mommie."

"Do you recall that this letter was dated February 24 last, within a month of the murder of your husband?"

"I don't recall."
"Didn't you intend that time to kill your husband?"

"I did not."
By Associated Press.

New York, May 2.—Mrs. Ruth Snyder charged on the witness stand today that Henry Judd Gray, her lover, killed her husband for his \$96,000 insurance.

"I was the beneficiary, but he knew how to get money out of me," she said in answer to questions by Gray's counsel.

"Why did you put a quart of whiskey under the pillow in your mother's room the night of the murder?" she was asked by counsel for Gray.

"Because he asked me to."
"Did you receive a sash weight from Gray on March 5?"

"Yes."
"What did you do with it?"

"I put it in the cellar."
"Why?"

"Because I was going to give it back to him."
"Did you believe that was to be used in killing your husband?"

"I didn't know."
"Why, if you knew he was going to use it to kill your husband, did you give it back to him?"

"I didn't want anything that Judd Gray gave me."
"Did you warn your husband?"

"No."
"Why?"

"I thought I could argue Judd Gray out of his plan and avert any trouble at all."
"When you went to a card party that night, why did you leave the back door open?"

to that party you knew just what was going to happen?"

"No, I fully intended to get rid of Judd Gray forever before he should do what he did do."

"Did Gray ever been in your mother's room before while Albert Snyder was in the house?"

"No."
"Why did you arrange for him to go there this time then?"

"He arranged it."
"But you acceded?"

"Yes."
"Why should Gray want to kill Albert Snyder?"

"For the insurance my husband carried."
"But you were the beneficiary. He could only get the money through you?"

"That is true, but he knew how to get money from me, he had done it frequently."
"Insurance is the only motive you can think of?"

"Yes."
"Did you ever tell Gray your husband had threatened your life?"

"I told him my husband had threatened me."
"Why did you want to get rid of Albert Snyder?"

"I did not. Oh, I didn't."
"You were sorry when he was killed?"

"I was."
"Why does your testimony here differ so from your sworn confession?"

"I didn't know what I was saying in the confession."
Mrs. Snyder then retold of meeting Gray in her mother's room, of feeling that he had rubber gloves on, and of leading him downstairs after he had said he intended to kill Snyder.

She said she took a sash weight and laid it on the piano then going up stairs.

"You left him there with the pistol?"

"Yes."
"Expecting him to kill your husband?"

"No, I had persuaded him to give up his plan and I thought he meant it when he told me he would not carry it out."

As the questioning went on, Gray took more and more interest, finally turning his gaze directly on his former mistress and keeping it riveted on her. It was

I. D. McAfee

says buy on the installment and you have a fellow stick a bill in your face every month. Pay cash and you are through.—Fred Mitchell.

the first time he had looked at her since the trial began.

The cross examiners next took up the instance when Albert Snyder was almost asphyxiated by a disconnected gas tube.

"Was that an accident, Ruth Snyder?"

"It was. I tripped over the tube and did not notice it."
"Did you put a poison tablet in his medicine, Ruth Snyder, and did you take a label off a bottle of poison and tell your husband it was bismuth?"

"What reason would I have for that?"

"Do you want me to answer that question, Ruth Snyder?"

(Silence) "Didn't you try to kill your husband several times?"

"No."
"Ruth Snyder, why don't you tell the strenuous objection by counsel for the witness sustained by the court."

"When did you first believe Gray intended to kill your husband?"

"When I saw the sash weight."
"Yet you did nothing to protect Albert Snyder?"

"I had confidence in my ability to get Gray out of the way."
The questioning then circled back to Mrs. Snyder's meeting with Gray in her mother's room and continued from there to tell of her seeing the murder and trying to pull Gray from her husband's body.

As she reached the point in her story where she said she fainted and awoke to find her husband dead, she broke into tears.

She stifled her sobs to tell again her story of Gray forcing her to help "make it appear that Snyder had been killed in a burglary."

"You won't see me for a couple of months now," she quoted Gray as saying. "The insurance won't be paid till then."

"And you went through with his plan?"

"I did. I didn't know where I was, confused and frightened."
"Isn't it true that in your mother's room you said to Judd Gray, now is the time?"

"Never."
"Didn't you say 'hurry, strike' when he hesitated?"

"No."
"Didn't you pour chloroform on your husband's pillow?"

"No."
